Welcome to the Lomore Estate, an oasis in Herefordshire. A 17th-century manor house, en suite lodges nestled in 20 acres, outdoor dining hubs, kitchen gardens and dining experiences - the ultimate rural retreat in the heart of the English countryside. Whether you are considering an escape for two or a larger reunion, your stay with us will be like no other. We pride ourselves in providing a rather special service, just for you. We look forward to welcoming you to Escape with More.

Margaret & Ben

The Manor

This is your very own manor house for as long as you wish. If you like great foods and a heartfelt personal service, then bring your best friends and we'll do the rest. Dating back to 1640 the manor was originally built as a hunting lodge for the Bishop of Hereford. Whilst the building itself oozes with character, and retains many of its

original features, the manor has been transformed to echo contemporary elegance throughout. The manor offers a plethora of rooms, creating ideal spaces to enjoy with family and friends. Rest assured you can enjoy your time at Lemore Manor in complete privacy, your very own home away from home.

Sleep

Our ethos is to provide you with unplugged rooms to get you back to nature, recharge, unwind and focus on the natural beauty of our estate. We understand comfort is important to you so, each room is individually designed to bring you more than just a good

nights sleep. All of our rooms are elegantly decorated with chic wallpapers, Egyptian cotton linens, luxurious mattresses and en suite bathrooms. We promise you and your guests a splendid stay. No batteries required!

Lodges

Escapism is hard to find but we believe with a few added luxuries we can help you unwind and recharge in our en suite lodges. Wake up with a breakfast hamper and a bottle of fizz to have in your private garden. With 20 acres to lose yourself and reconnect with nature: dip in the hot tub, grab your wellies, dig out the paintbrushes or picnic on the lawns. Enjoy the sunset,

toast marshmallows around your firepit, and enjoy the quietude of our estate where the only interruption is the birds. Dine in The POD or The HUB by the pond or let us provide you with all the ingredients to make your wood-fired pizzas. Each of our five lodges is adaptable, making them the perfect getaway for two or a group escape.

Grounds

We believe the outdoors is equally important as the indoors. The beauty of Lemore Manor is being able to enjoy the estate and all the gardens as your own. We constantly strive to introduce new facilities each year that will allow your friends and relatives to have fun and reunite

together in complete privacy. We invite you to make the most of our outdoor games, treasure hunts, football, rounders, volleyball, cricket and croquet - just to name but a few. We can also introduce a range of activities at your request.

Moreish

The choice is yours. Our team is on hand and ready to meet all of your needs for your stay at Lemoire Manor. Whether you would like a fully-catered stay or the opportunity to explore other eateries nearby, we can do that and everything in between. We will take away the stress of preparation (and washing the dishes) and turn it into a culinary

experience you won't forget. With breakfast, lunch and dinner catered for you, using fresh and local produce, you will be able to unwind and enjoy your stay with us. With options from fine-dining, three-course dinners, BBQ's, wood-fired pizza, dinner in 'The POD' or 'The HUB' we can cater for all tastes.

The Patch

Earlier this year we introduced 'The Patch' to Lomore Manor. Margaret and Ben's passion for sustainable living shines through all that they do and this year has been no exception. They have rotavated an acre of land to grow fresh produce all year round. The Patch doesn't just reduce our carbon footprint but it allows us to wow you with the ultimate culinary experience.

The Patch is full with a variety of fruits and vegetables for you to savour and enjoy. Chef will be more than happy to create a bespoke menu for your stay using the freshest ingredients from 'The Patch'. Whether you are having a large reunion or celebration or perhaps a short stay for two, we welcome you to explore what we are growing.

The HUB

Meandering through a secluded pathway, passing stunning oak trees, a clearance appears - your destination for the evening. The HUB. A modern, oval, glass dining space that creates an effortless connection between you and the surrounding nature during your dining experience. A deep-rooted

respect for nature, provenance and sustainability meets modern culinary techniques, innovation and flare. Seasonally changing ingredients inspire the menus and ensure a truly memorable dining experience.

Activities

Our team will prepare your stay in advance so all that's left to decide is what clothes to pack. Lomore is situated in one of the greenest counties in England and there are plenty of places to explore on our doorstep. Unload your bikes, kayak down the River Wye, horse-trek over the Black Mountains, hit a birdie on the highest golf course in England, cast a 'fly' into

the Wye and try your hand at clay pigeon shooting - there is so much to inspire you in Herefordshire. Prefer to stay put? Wake up in the morning with a private yoga instructor, learn to shoot a 'recurve' bow, handle birds of prey, forage for cocktails and cook alongside Chef. The list is endless and this is just a small selection of rejuvenating ideas for you.
